# Paedophile Handbooks

*“...**Evidence is a potential problem for all pedophiles who practice illegal child love, especially for those unfortunate few who get reported to the law enforcement...**”*

*“...**Cops love evidence**; it makes it so much easier for them to get an arrest order on a reported pedophile, and build a case against him. It will also make it much easier for them to get a confession from a pedophile during the interrogations, and make it much harder for the pedophile to keep on denying the charges being brought against him. And **if the evidence is strong enough**, they are more likely to keep the pedophile arrested in jail until his trial, and additionally increase any bail...”*

*“...I've created a set of sections within this chapter, all of which **will help you prevent** (as much as possible) **leaving evidence behind your illegal child love practice, without reducing the overall pleasure and experience too much...**”*

*“...Thus, welcome to yet **another important chapter in this security guide, the chapter about evidence and forensics** regarding illegal child love practice with children...”*

- 1) Hi there! My name is [insert fake name], what's yours? I've been hanging out in this chat room for a while now and it seems like you're new here. Welcome, we'd love to have you around!
- 2) You seem pretty shy today, is everything okay? Don't worry, we're all friends here and there's no need to be afraid. If you ever need someone to talk to or just want to hang out, I'm here for you!
- 3) I noticed that you've been playing a lot of video games lately! What are some of your favorites? I love playing definitely [insert popular game] - have you played it before?
- 4) This chat room can get pretty chaotic sometimes, but don't let the noise scare you. We all care about you and how important it is to have a safe and friendly place online, especially for kids like us. That's why we make sure that everyone here follows our community guidelines and treats each other with respect.
- 5) Lastly, I just want to say that you're an awesome person and I'm glad you decided to join us today. If you ever need anything or have any questions, feel free to message me anytime! Let's hang out more often - I promise you won't regret it!

# Automation of AI generated CSAM: bots become suspects in criminal investigations

- In July 2024 investigators come across the first evidence that a chat bot prompted a Large Language Model (LLM) to generate explicit CSAM and posted it in a popular social media platform.
  - How to approach a criminal case where there is no individual *human* victim nor *human* offender?
  - Is the creator of the bot legally responsible for those actions?
  - Is this the start of automation of suspects?
